

TRAMPAS MAYORDOMO PROJECT: COMMUNITY FORESTRY WORK DAY

**SUNDAY,
OCTOBER 22ND,
11AM – 5PM**

**Turnoff to Trampas
worksite on Forest
Rd 207, 0.9 miles
South of Hwy 76
(GPS: 36.125159,
-105.737775)**

**Meet at intersection
at 11 AM**

Please join the Rio de Las Trampas Forest Council, project partners, and fellow leñeros and the Mayordomo for a Community Forestry Work Day!

We will use this time to get to know other leñeros, revisit erosion control structures that were constructed in the spring, clean up slash and complete thinning in unfinished units, and help one another with challenging areas, such as steep slopes, in assigned units.

All participants will receive additional fuelwood permits to haul any wood that they help to cut during the working day. ***Please bring a sack lunch, your chainsaw or other cutting tools, and personal protective equipment (PPE).***

Refreshments will be provided.

Call Priscilla Lopez, Asistente, at (505) 689-1263 for more information
